

## P & E Report for AGM Bathurst 17<sup>th</sup> June 2017

It has been a great year for members who enjoy Pleasure and Endurance activities with good attendance at Round Hill and Yalbraith. Mini Enduro's as well as three day mini enduro's option as apart of the Marra competition.

It gives members the option of a full or half competition,as they try new horses or ponies and also get to meet many helpful members at these events.

During the year it was unfortunate that the Fifield enduro had to be cancelled at late notice due to circumstance beyond the control of the central west club.Look out next year as they hope to be back bigger and better than ever.Therefore our competition point score came from three remaining enduro's .Results sheets attached

There were many club pleasure drives conducted by clubs throughout the state with some clubs holding regular monthly drives.I would like to hear from these clubs for news items.Some of the bigger pleasure drives were held over 7 days,these included the Gulgong Club Annual Henry Lawson Drive,The Liverpool Range charity Drive,the ladies who enjoy a leasurely week of driving and shopping in Gulgong and the for the men who venture to the west of the state for a week of pleasure driving.Pleasure drivers are always welcome and provided for at the enduro events.
